1. In my earlier memoranda to your predecessor, I invited the Defense Intelligence Agency to nominate an officer to serve on the FDIA Staff, which I established in response to a Congressional mandate. When fully manned, the staff address many issues of concern to both us and the oversight committees: denial, deception, active measures, security, and counterintelligence-related matters.

2. During the summer, there were a series of discussions at the staff level, capped by last month's visit Fred Hutchinson, NIO/FDIA, paid to DIA's action officer, [] Nonetheless, we still have apparently not broken the impasse.

3. I fully appreciate the difficulties you face as you settle in. But in view of continuing heightened Congressional interest, I wonder if you would take a personal hand so that we can resolve this matter expeditiously.
